1700	<i>May</i>	08

Courteous Reader, We thought meet to inform thee, that according to the last years Guesſes, the Observations of some ingenious Mattheſematicians, aſſiſted with Inſtruments convenient, did take notice of another Comet, blazing from the middle of *July*, to the middle of *Auguſt*. At its Appearance its Longitude was \odot 13 gr. 17 m. & its lat. was 29 gr. 28 m *Bor.* At its diſappearance, its Longitude was II 14 gr & its Lat. was 19 *Bor.* But to the naked eye it was not ſo obvious as to be generally ſeen.

THere is now in the Preſs, and will quickly be to Publick view ſeveral Sermons Preached by the Reverend Mr. *Samuel Willard* Teacher to the South Church in *Boston*, upon ſeveral occaſions. In 8 o. price eighteen pence Bound. Sold by *S. Philips*

A Plain and Easy TABLE shewing the true Time
of the Beginning, Continuance, and Years, since the
Reign of each King and Queen in *England*, from the Con-
quest until this present Year. 1684.

The Kings Names.	Began their Reign.	Reigned. Y M D	Since their Reign.
